

User needs

As a...	I want to...	So that...
As an eight year old boy	Learn about where the countries of the world are and what the famous landmarks are	I can improve on my geography
As a ten year old girl	Play a cool game and score lots of points	I can have a competition with my friends
As a nine year old girl who struggles to understand instructions	I want the game to be really easy to figure out	I can play the game and not get frustrated
As a person who is colourblind	Be able to interact with the app easily, and not need to rely on colours alone to navigate through the site	I can join in the fun too
As a person with dyslexia	I would like any text on the page to be really clear and big enough to read.	I can join in the fun too
As a parent	Know that my child is learning something valuable, whilst playing on the computer	I don't feel guilty about not wanting to take them to the park
Primary school teacher	Have an educational game that is free to use and I can share with my class	They can learn about the geography of the world and have fun doing it.
